# LAPIS LAZULI BEAD MAKING AT SHAHR-I SOKHTA

Interpreting craft production  
in a urban community of the 3<sup>rd</sup> millennium BC

and **CONTRIBUTIONS** by Ivana Angelini, Giancarlo Della Ventura  
Laura Foglini, Giuseppe Guida, Alessandra Lazzari, Maurizio Mariottini  
Giorgia Murari, Armida Sodo, Massimo Vidale

and an **APPENDIX** by S. Mansur S. Sajjadi

# CONTENTS

## 11 INTRODUCTION

by M. Vidale

### CHAPTER 1

#### SHAHR-I SOKHTA: EARLY DISCOVERIES AND EXPLORATIONS

by A. Lazzari & M. Vidale

- 17 *A season of discoveries*  
 21 *A stone cutter's hoard, 2700-2600 BC (1968)*  
 31 *Archaeological record of bead-making: wooden tablets for holding beads*  
 35 *On the tracks of the drill stone sockets*  
 37 *The identification of the lapis lazuli workshop area in squares EWK-EWP*  
     *(September 1972)*  
 40 *Craftsmen' graves (1972, 1975 and later)*  
 45 *Lapis lazuli goods in the graveyard*  
 47 *Historical explanations ...*  
 55 *... and the myth of Aratta*

### CHAPTER 2

#### MATERIALS AND METHODS

by A. Lazzari, L. Foglini & M. Vidale

- 61 *Towards new stages of research*  
 62 *Study background*  
 62 *Organizing a general data base: the materials in the Rome collections*  
 64 *Excavation records: field books, sketches, maps and sections*  
 65 *Methods of analysis*

### CHAPTER 3

#### THE EXCAVATION OF THE EWK-EWP LAPIS LAZULI WORKING AREA

by M. Vidale

- 69 *The excavation*  
 74 *Stratigraphic units in the main section and in plan*  
 80 *Archaeological sequence and stratigraphic formation processes*  
 82 *A synthesis: Period II in EWK*

## CONTENTS

- 86 *A comparison: the lapis lazuli working area of Tepe Hissar*  
 87 *Period III in EWP*

**CHAPTER 4  
 OF POTTERY AND TIME**

by M. Vidale & A. Lazzari

- 93 *Ceramics*  
 103 *Information on pottery provided by the field books*  
 106 *Chronological implications*  
 110 *Absolute chronology: radiocarbon datings and correlation with the ceramic evidence*

**CHAPTER 5  
 CRAFT ACTIVITIES: CHERT-CHALCEDONY PROCESSING  
 AND USE**

by L. Foglini & M. Vidale

- 115 *A neglected field of study*  
 117 *The finds in EWK-EWP and the role of silicon oxides*  
 118 *The chert-chalcedony industry: materials and methods*  
 120 *Raw materials*  
 121 *Palaeotechnological types and operational sequences*  
 123 *Cores*  
 123 *Flakes and blades: typometric study*  
 125 *Flaking rejects*  
 126 *Microfragments of retouched objects or edge-damaged artefacts*  
 126 *Retouched artefacts and other tools*  
 127 *Drill heads: types and raw materials, production, use, consumption and breakage*  
 131 *A note on cylindrical drill heads in South Asia*  
 134 *Type 1 drill heads date back to Period III*  
 135 *Type 1 drill heads in detail*  
 140 *Type 2 drill heads*

**CHAPTER 6  
 THE LAPIS LAZULI INDUSTRY**

by M. Mariottini, G. Della Ventura, A. Sodo & M. Vidale

- 159 *Basic terminology*  
 160 *The stone: nature, mining areas, variability*  
 168 *Previous chemical analyses*

- 171 *Characterizing lapis lazuli from EWK-EWP: preliminary XRD analysis of a few selected samples*
- 177 *Burning marks and the question of pyrotechnological treatment of the lapis lazuli industry from EWK-EWP*
- 178 *Palaeotechnological types and lapis lazuli products: the assemblage*
- 180 *Ordering the craft indicators*
- 182 *Bead types: local production versus internal consumption*
- 184 *Production of blanks for cylinder seals?*

## CHAPTER 7

### THE LAPIS LAZULI BEADS MANUFACTURING SEQUENCE, AND SPATIAL PATTERNING OF ITS RECORD

by M. Vidale, L. Foglini & G. Guida

- 200 *A question of preforms*
- 203 *From 'tablets' to square-section blocklets: the evidence of grooving-and-splitting*
- 207 *Some experimental replications*
- 211 *Shaping by grinding and more grooving-and-splitting*
- 220 *Drilling*
- 225 *Wear traces and drilling powders: preliminary SEM observation of a selected group of drill heads*
- 231 *Finishing the beads: smoothing and polishing*
- 235 *Spatial patterning of the lapis lazuli industry: general expectations*
- 236 *Spatial variability across the excavated contexts and its implications*

## CHAPTER 8

### LAPIS LAZULI TECHNOLOGY: OTHER ISSUES, FINAL RECONSTRUCTION

by M. Vidale

- 243 *On the evidence of the grooving-and-splitting technique in Central and South Asia*
- 246 *Comparisons with Tall-i Malyan, Tepe Hissar and Mohenjo-Daro*
- 249 *Identification of a quartzose rock containing corundum*
- 255 *An open question: the possible use of copper tools*
- 257 *On the use of burins in the reduction sequence*
- 258 *Final reconstruction*

## CHAPTER 9

### THE TURQUOISE INDUSTRY

by L. Foglini & M. Vidale

- 263 *Raw materials and its variability*

## CONTENTS

- 269 *General features and composition of the studied sample*  
 274 *A reconstruction of the bead reduction sequence*  
 276 *Spatial patterning of the turquoise industry across the excavated context*  
 279 *Internal consumption versus production*

## CHAPTER 10

## OTHER RAW MATERIALS AND MANUFACTURING CYCLES

by L. Foglini & M. Vidale

- 283 *Chalcedony and agate*  
 290 *Alabaster (translucent banded travertine)*  
 292 *Other stones: aragonite*  
 294 *Sandstone, basalt, steatite, other green stones*  
 296 *Evidence of metallurgical activities and copper products*

## CHAPTER 11

## A LATE ADDITION: ANOTHER SAMPLE OF THE EWK-EWP INDUSTRY

by G. Murari, I. Angelini

- 297 *A second look to the variability of chert/chalcedony*  
 298 *More blades and flakes*  
 299 *Retouched microblades and drill heads*  
 301 *Lapis lazuli indicators*

## CHAPTER 12

## NEW INTERPRETATIONS

by M. Vidale

- 305 *Further remarks on the archaeological context of Period III in EWP*  
 308 *Comparisons with the sequences of the central quarters and the eastern residential area*  
 311 *The limited record of administrative activities*  
 311 *New questions on the 'world system' view of south asia in the 3<sup>rd</sup> millennium bc*  
 314 *Conclusions: disentangling specialization, standardization, efficiency in ancient craft production*

## APPENDIX 1

- 325 **NEW EXCAVATIONS AT SHAHR-I SOKHTA: MORE GRAVES WITH LAPIS LAZULI BEADS, AND OTHERS WITH BEAD MAKING CRAFT INDICATORS**

by S.M.S. Sajjadi
